Memorandum for Colonel Sheffield Edwards

Dear Shef:

I attach my District of Columbia motor vehicle operator's permit, which I discussed with you this morning by telephone.

When I left the Agency, I had not decided whether I would make Washington or New York my main place of abode, and hence neglected my driver's permit. I have a valid New York permit and have used the car considerably in New York, but it is garaged here and I expect to use it here.

I should be glad to appear whenever it may be necessary to effect an extension of the enclosed permit.

The car I am driving is a Pontiac, year 1955, model 755 H, body - four-door sedan, serial number P 755 H 71502.

I sincerely appreciate your help.
